Plaintiff, Brad Amos, through undersigned counsel, moves that the Court deny Defendant's Motion in Limine Number 2 related to prohibiting "extraneous" evidence related to COVID-19.

The COVID pandemic is quite relevant to this lawsuit; it is Defendant's COVID policies based on spirituality that are in part the basis of the claims in this lawsuit. Evidence of the COVID pandemic—the timing and progression, general effects, scientific advances, mitigation

approaches—is certainly relevant. The COVID-19 pandemic had no modern precedent, as Defendant points out in Document 203. The fact people held and continue to hold conflicting views is not prejudicial to the Defendant.

For the above reasons, Plaintiff respectfully moves the Court to deny Defendant’s second Motion in Limine and allow evidence related to COVID.

Respectfully Submitted,

LAW GROUP,**
